Athletic Management of State University Intend to Have Beloit-Wisconsin Game Played as Scheduled in Janesville on May 30.

Madison, Wis., April 1.—The athlet- points of the national game. ic management at the university of Wisconsin intends to have the Beloit-Wisconsin baseball game played in Janesville on the thirtieth of May as. Graduate Manager C. schedriled H. Kilpatrick when interviewed said he believed that Wisconsin already Athletic park on that day. As Mr. Kilpatrick took charge of the affairs of graduate manager only a week ago he has not yet examined the papers in the matter and does not speak absolutely.

Should it develop that there is a the proposed game, the contest will probably be taken to Milwaukee. The Milwaukee management have long been clamoring to the management to hold more athletic events in that The faculty of Beloit college, however, look with disfavor upon big city games and the game in question was consequently scheduled to played in Janesville.

The Memorial day game between Wisconsin is the final game of a series of five which have been arranged for the coming season. Three of the series will be played in Madison and two in Beloit.

The advantage of home grounds is considered of too great importance to allow the final game to be played either at Beloit or Madison so neutral grounds were agreed upon.

John L. Fisher of Janesville during his management of 'varsity athletics secured a Beloit-Wisconsin game at Janesville, largely as a compliment to his home town, and partly because that place was so near both colleges as to render it possible for large delegations of rooters to follow . both The success of the venture was so complete and the reception given the college men by the people seemed to warrant holding another game in that place this season.

Prospects for a winning baseball team were never brighter at the university than this year. More and better candidates are training than ever before. Besides better material for the team there is a remarkable staff this morning that the Memorial day

The candidates for the positions behind the bat and on the bases are being particularly coached by Sullivan, who caught last year for Boston, the champion national team. He will play the comsufficiently strong sentiment against ing season on Comisky's team in the American League. The work of developing the out fielders will be done by Captain Eddie Cochems and Billy McGrath.

> Should be game promised Janesville be played there in all probability a thousand people will be attracted from Madison and Beloit alone. The interest will be all the greater if the final game of the series should prove to be the "rubber."

Whether the managers of Wisconsin-Beloit baseball game possess a contract for athletic park or not there is now every reason to believe that they will have no trouble in securing the desired contract. The entire aspect of the case changed this morning when A. E. Matheson, one of the owners of the Park, wthdrew his objections to leasing the grounds.

Personally Mr. Matheson is not in favor of holding athletic sports on Memorial day. It was out of regard for his desire to respect the attitude of the Grand Army men that the other owners agreed not to rent the grounds. Many of them are in favor of holding the game which is demanded by a strong public sentiment. Mr. Matheson does not wish to impose his views of Janesville was so cordial that it upon the general public nor to restrict the rights of other people, consequently, although, he is opposed to the game, he does not wish the other members of the park's managing board to be influenced by his personal wishes.

One of the prominent owners said of coachers teaching the men the finer same would be played at Athletic park

Primary Bill Prospects." The plan of action on the primary election bill has not been definitely formulated and all that can be said about it now is that the senate will endeavor in some manner to pass a bill applying the primary election principle to city and county offices and send it over to the assembly to meet whatever fate that it may. The fight on the floor of the senate will not begin until week after next and, as all of the senators are pretty well fixed in their opinions upon the subject, there are not likely to be many dev.lopments next week. MARKS THE CLOSE OF A REMARKABLE LIFE

DEATH OF ABRAM PHELPS, AN OLD ROCK CO. SETTLER.

Passed Away on Sunday Morning at from a Stroke of Paralysis - Funeral Will Be Held Tomorrow Afternoon-Biographical Sketch of His Career

For Abram Phelps, sainted follower of the Christ whom he reverenced, eternity's glorious day has dawned. The aged pioneer heard the divine call on Sunday morning at one o'clock when his soul passed behind the mystic curtain, which we call death, and entered upon the celestial Sabbath. A Remarkable Life.

The passing away of Abram Phelps marks the closing of a remarkable His death is one that touches with peculiar interest the hearts of many people because of the rare history of that life whose influence was so far reaching and ever tending to the uplifting of mankind. Such death must cause universal sorrow, but around it can center no gloom, only the triumphant confidence that and those who loved him death has no sting, the grave no vic-

Abram Phelps was a member of the English family which can trace its lineage back for more than thousand years. One of his forefathers was among the Puritan settlers of Massachusetts and took a large part in the founding of the nation.

The worthy descendant of such worthy ancestors was born in Egremont, Berkshire, conty, Mass., Dec. 27, 1811, and was the last surviving member of a family of seven sons and two daughters. Less than two years after the birth of Abram the father of the family died, leaving the care of the family to the capable New England mother who kept her children together until they were able to do for themselves. When Abram was nineteen years of age he came west and settled in Monroe county, Mich., with a brother and sister. A year later he went back to Massachusetts and four years later, in 1835, he returned to Michigan, bringing with him mother, who made her home with him until her death in 1841 when she was about sixty-two years of age.

Married in Fall of 1837. In the fall of 1837 Mr. Phelps and his mother moved to Freedom, Portage county, Ohio, and on the first of February, 1838, he was united in marriage with Miss Marietta Moore, the union being an unusually blessed one. Soon after the death of Mr. Phelps mother he and his wife moved to Geauga county, Ohio,, where they resided for nineteen years. In 1866, after the close of the civil war, they came to Wisconsin, locating in Rock county, and purchased a farm of 202 acres in the town of Rock, three miles from this city, where he built a fine house and other good buildings and devoted himself to the cultivation of

the soil until 1884. That year Mr. and Mrs. Pheips moved to this city and for many years the cheery home at 155 Pleasant street has been a center of helpfulness. To many it has proved a blessed haven, made so by the practical Christianity which sweetened and glorifled the lives of the aged couple who for more than sixty-three years have traveled hand in hand, both devoted their lives to the service of Christ in their youth, being members of the Methodist church before they were married, When they came to Wisconsin they united with the First M. E. church and about twenty years ago they transferred their allegiance to the Court Street M. E. church to which their membership has been a continuous benediction. For years Mr. Phelps was the reverend leader of the class meeting and served on the official board of the church.

Religion Inspired Respect. The religion of Mr. Phelps and his wife was one that inspired universal respect because it had withstood the test of unusual affliction and because, in spite of great sorrow, they came to a lovely old age, gracefully and graciously. Two sons were born to them and both grew to manhood and entered the service of their country in the civil war. The youngest son, Frank W., died, aged twenty-one years, from measles contracted early after his enlistment. The eldest, Milton Moore Phelps, lived through most thrilling experiences, being shot through the lungs once and once nearly buried for dead.

He came back to private life and married, and the joys and hopes of his parents centered in his family. Here again great sorrow was in store for them for two of their grandsons died in infancy, and the youngest one, Norris, was drowned in Rock river in 1887, when he was fourteen years of One grandson, Frank, grew to manhood, and the grandparents took great pride in his brilliant career as a newspaper editor and in the forceful life of his father and their son, Judge M. M. Phelps. Very dear to them also was their daughter-in-law and the young bride who came into their grandson's life to bless its closing years. Then when life seemed best worth living came the tragic series of deaths which shocked the entire community and swept away all family ties for the aged couple who were left to bear the great burden of sorrow. Mrs. M. M. Phelps died in December, 1897, and a month later her Phelps lived on for a few months and Beatrice Do and then came the collision of his town of Beloit.

bicycle with a railway train and in INTEREST IN BASE September, 1898, he too passed on to the life beyond the grave.

Mrs. Phelps Broke Her Hip. Within a year Mr. and Mrs. Phelps had seen their family pass away, yet deep as was their sorrow no word of complaint ever passed their lips.

Misfortune again visited the home ssed Away on Sunday Morning at when nearly two years ago Mrs.

One O'clock—Had Been Suffering Phelps fell and broke her hip. It was feared that she could not recover from the shock, but her mission had not yet been fulfilled and she can now walk around the house with the aid of a crutch and cane.

Stroke of Paralysis. Three weeks ago Mr. Phelps was taken ill with heart trouble and one week ago last Friday night he suffered a severe stroke of paralysis which would have proved fatal immediately to a man of less marvelous vitality. Although he lay as if unconscious during the last week of his illness he able to make himself understood. The voice of his beloved wife was always able to rouse him and he never failed to respond to her good-night or goodmorning greetings with a word or a hearty pressure of the hand. The end came very peacefully.

Mr. Phelps was a lovable gentleman, cheerful and happy in his disposition, noble in character and ever ready with a kindly word or an act of helpfulness. His life was ruled by the gospel of love and he knew his guide book, the Bible, so thoroughly that if he were given the substance of a verse of Scripture he could tell the exact book, chapter and verse where it could be found.

The Funeral Tomorrow, Mrs. Phelps, the bereaved widow, has no immediate relatives, except à half sister, but she finds great comfort in the sustaining presence of Mrs. Elizabeth C. Phelps, the widow of Frank Phelps, who has now cared for father, son and grandson in their last

days on earth. Funeral services will be held from the home, 155 Pleasant street, on Tuesday afternoon at three o'clock. Rev. W. A. Hall will conduct the ser-

TEACHERS TO MEET AT PLATTEVILLE

Annual Session of the Southern Wiscon sin Society-Over 800 Pedagogues Are Expected.

The Southern Wisconsin Teachers' association will meet at Plattville, on April 5-6. The executive committee consisting of W. H. Cheever, Milwaukee; C. W. Ritenburg, Delavan; W. P. Roseman, Reedsburg; J. H. Nattrass, Shullsburg; H. C. Whitewater, have prepared a most interesting program for the occasion.

This association has grown to be one of the strongest associations in state, rivaling in the state teachers' association. The July and will be a gathering of the attendance at Racine last spring reached 800 and it is expected that no backward steps will be taken this year.

It will certainly be successful if all of the teachers and school officers having educational improvement at heart will lend a helping hand. Plattville was selected for the meeting this year to give the teachers living in the southwestern part of the state who have been making annual pilgrimages the congress will have its chief speakto Racine, Whitewater, Milwaukee and even other places more remote, to educational associations, a chance to attend one meeting at least without much expense. The counties of Rock, Lafayette, Grant, Iowa and Green will send, practically, their entire teaching force.

AMUSEMENT NOTES

"Arizona" will be the next big New York success to be seen here. This is the play which went to Chicago for four weeks and stayed fourteen, besides scoring one of the greatest dramatic successes in New York in a generation. BALL INCREASING

The Fight for Star Players Between National and American Leagues Grows Red Hot.

Milwaukee, 9pril 1-Special-There has been a great deal of talk about the decline in base ball interest all over the country the past month or two, but right here in Milwaukee the interest in the national game was never greater than at present. The fans here are red hot for the game to begin and the indications are that the season of 1901 will eclipse all previous years in the attendance at the games. Men who have not seen a ball game in years are now talking of the sport in the most enthusiastic manner, which only goes to prove that the game is more popular than ever, retained his mental faculties and was despite the set back which the National league magnates have given it through their narrow minded methods during the past year. The National league magnates have

been very short sighted of late in many ways and they have given another illustration of th\(\mathbf{Y} \mathbf{r} \) methods by encouraging players who signed bona fide contracts with the American leaugue clubs to break those contracts and jump back to the Nation-They have done this in the face of statements by these worthy magnates that they wouldn't tolerate anything that would tend to injure the game; that they would not support a contract jumper. While the American league has absolutely refused a player who has already to sign signed with the National league, the latter league has gone to extremes to get players to jump American league contracts. There are numerous cases to be cited where . the National league has encouraged, contract breaking. For instance, Fred Raymer, who signed with Chicago, had previously put his name to a Milwaukee contract: Pitcher Dineen, who goes back to Boston, had signed with Somers' club; Sheckard, who had signed with Baltimore, and accepted advance money, signed again with Brooklyn; with several other similar cases. And in the face of all this the National league men expect the base ball fans to spport them.

The players are getting the benefit of the base ball war and the magnates will have to foot the bills at the end of the season. There will be few clubs make any money this season, but they will be in a position to face the music better next year. Many of tracts which will stand them to the good no mattter what happens

This congress McCallum should not be conflicted with the congress of religion held at the World's Fair in Chicago.

This congress is called to meet at Buffalo the second to the fifteenth of Christian workers of all religions for the purpose of knowing each other better and for deliberation on the best methods of meeting the problems of city evangelization. The meetings will be held on morn-

ings and afternoons and in the evening the workers will take part in a great revival movement, preaching in gospel wagons and in churches. While ers everyone who attends will have the right to ask questions or to make sugestions. The meetings will be held in the tent Evangelist.

Rev. McCallum is the chairman of the evangelical work to be held in connection with the Buffalo exposition. He preceded his remarks last evening with a sermon on "Prayer," and at the close of his remarks a collection was taken for the work in Buf-

WHERE VALENTINE STANDS

The Democratic Nominee for Mayor Deines His Position on Macademizing

To the Editor.—I have been asked to state my position on the matter of macademizing our streets. I have always been in favor of good roads and public improvements, but I am not in favor of forcing the re-grading of a street upon property owners, when a majority of them are opposed to: as has been done in many cases during the past year. I think it would be well to 'go a little slow" until we know whether we are to have sewerage or not. It we macadamize our streets and afterward dig them up for sewers, we can never replace the macadam as it was at first RICHARD VALENTINE.

HISTORY SECTION OF ART LEAGUE

The history section of the Art League met with Mrs. Asheraft last Friday, Mrs. Mills president and Mrs. Kimberley secretary. Mrs. Day presented a fine descriptive paper postponed from a previous meeting on "Savonarola as a Prophet," She spoke of him as "One who studied much and talked little." He did not wish to be a prophet but only to serve as a mouthpiece for the Most High. The regular program—The Popes of the Medici Family—was then taken up. Mrs. Mouat, who had the subject of Leo X, was unable to be present, and Mrs. Powell, Mrs. Mills and Mrs. Kimberley contributed notes concerning him. He was the only pope who bestowed his name upon his

THREE DIE IN TENEMENT FIRE.

Mrs. Cohen and Children Ferish in New York City.

New York, April 1 .-- Mrs. Esther Cohen and two of her children, Benjamin, aged 5, and Sophia, 1 year old, perished by the burning of a five-story tenement house at Delancy and Norfolk streets early to-day. In the panic which occurred mothers lost their reason and threw their children from the windows and fire escapes to the street below.

That all were caught by the police and firemen and escaped serious injury seems almost a miracle. Following is a list of the injured:

MAX SALISBURG aged 20, burned about the face, hands and body.

JOHN J. BEARDON, detective, cut on hands and face by falling glass. MICHAEL OESTFELDT, suffering from shock and contusions.

There were thirteen families in the The fire was discovered at 3:30 o'clock by the wife of the janitor, who aroused her husband and together they went to the front of the house, giving the alarm.

Groping their way through the smoke to the window Cohen picked up the boy Harry and, calling to his wife to follow, got out on ...e fire escape and started to descend. Mrs. Cohen carried the baby in her arms and the boy Benjamin followed. Out on the fire escape the flames and smoke which burst from the windows below them separated the members of the family, and only Cohen and the boy reached the street. When the firemen were finally able to reach the top floor they found the bodies of Mrs. Cohen and the other two children, blackened and burned, lying on the fire-escape land-

ELECTION NOTICE.

Office of County Clerk. March 23, 1901,

To the electors of Rock County:

Notice is hereby given that a judicial election is to be held in the veral towns, wards and election precincts in the county of Rock on the 2nd day of April, 1901, at which the officers named below are to be chosen. The names of the candidate for each office to be voted for whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column. **建筑市,**

Information to Voters.

The following instructions are given for the information and guid-A voter upon entering the polling place and ce of voters. name and residence will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment and prepare the same for

A ballot clerk may inform the voter as to the proper manner of marking a ballot but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party should make a cross mark X under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark will become (be counted) for all the candidates of that party in the column underneath unless the names of some of the candidates have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to, the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter: and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different poffices are for example Individual Nominations.

Tomorrow is the time to vote, and every male citizen of legal age, owes it to himself to exercise the right of franchise. There is something peculiar about this right. It is the most sacred, as well as the most important right,, confered upon American citizenship. And yet it is neglected by intelligent people more than any other privilege that they enjoy.

This neglect frequently results in

disaster and men so through the year kicking about poor officials and corrupt government, who never lift a hand to prevent the evil.

Men who are too pure to soil their hands or risk their reputation at a caucus, and who climb up on a pedestal and waste their energies in finding fault with conditions created by their neglect. This criticism does not apply to the masses, for they are always on hand, but to the classes, who are inflated with the false notion that they are created from a better quality of clay than the average mortal.

Election day knows no aristocracy, except the aristocracy of equal rights Every form of government in this free land is just as good as the people will to have it, and it is altogether too good for the man who shrinks responsibilites under a cloak of self rightiousness.

The people of Janesville will decide tomorrow just how the city shall be governed for the next twelve months and from this decision there is no appeal. The republican party stands for good government every where. It has no appoligies to offer and only asks for loyal support. The request is not only reasonable, but just. To-morrow is the time to vote. The time for every republican of whatever calling to exercise the right that gives him government and protection. The men who shirk this responsibility have no right to live in a land to the republican ticket straight, and you will make no mistake. The party is right, because it is founded on right principles. The men on the ticket are right, or they wouldn't have been nominated. They are all well known citizens and every last one of them is entitled to every republican vote in the city. If these rights are respected, as they should be, every one of them will be elected by good majorities.

VOTE FOR SEWERAGE.

The only opposition to sewerage that has appeared on the surface, is one anonymous letter received about a week ago, and while discussion has been invited, there seems to be nothing to discuss, for public sentiment, seems to be all one sided on the question:

This shows a commendable spirit of enterprise that speaks well for the There is nothing that will add more to health, comfort and stability, than a good system of drain-Janesville has been noted for conservatism, and while caution is. a good thing to cultivate, there is a ·limit where it ceases to be either wise

or profitable. The census shows that the growth in population has been less than 300 during the last five years, while Beloit, in the same length of time increased twenty-five per cent, by pursuing a more liberal policy. 1890 to '95 the city showed an increase of 2,200. This was during the Hamilton and other episodes when we came out of our shells for a little while and became reckless. result Forest Park, Riverview and a number of other additions, including three or four hundred new dwellings, and as many families, contributed

to the permanent growth of the city. When hard times came on and everybody was obliged to retrench, we kind of a man that the rank and file criticised ourselves for being foolish, and wondered why we let our the ascendency. If General Funston selves out enough to expand a few notches, but no one was seriously injured by the expansion, and the ex- the front. The army is not burdened periment proved to be the best thing with progressive leaders.

Good times have returned and everybody is prosperous. It is not necessary to call in an outside promoter to set the wheels in motion, for they are already moving. The only thing required of the city is to join the procession.

Industries are knocking at our door, waiting for admission. Steam and electric railroads, with all necessary improvements, are forcing themselves in without let or hindrance. Common prudence and business' enterprise suggests that it's time to clean house, and get ready for the era of prosperity that is sweeping over the country.

A vote for sewerage expresses willingness to clean up the city, and make it inviting. It simply says to the council, "We are ready, make the next move," and that means formulate a plan and submit it to the people for approval or rejection.

At the bottom of the ballot is an apportunity for a "Yes" or "No" vote on this important question. Vote "Yes" and you express a desire to benefit yourselves, as well as the city, and the spirit that prompts the vote is of the go-ahead, progressive sort, that means prosperity.

MAYOR RICHARDSON.

The city has been fortunate in having at the head of its executive department a man of intelligence and honesty. Mayor Richardson belongs to the type of men that lend character and stability to a municipality. He also possesses enterprise and energy, apparent not only in his private business, but evidenced in his official He has advocated and promoted public improvements. while much remains to be accomplished more has been done in the way of practical street building during his administration than at any similar period in the history of the city.

The attack made on him by the Recorder is uncalled for and was prompted purely for political purposes. Mr. Richardson needs no defense at the hands of The Gazette. or his friends. He is a life long resident and enjoys a well earned reputation for conservative judgment, and intelligent action. His interests and the interests of the city are identical. He is neither a spoilsman nor an erratic reformer. He attempts in a comprehensive way to benefit the city, and contribute to its development and prosperity, and is entitled to encouragement by all enterprising citizens. He will continue to fill the office of mayor for the next two years, and the people may be assured of a wholesome administration.

THE LIBRARY LOCATION.

The library committeee are having some trouble in deciding on a location. A number of offers have been submitted, but property owners d. not seem particularly anxious to sell, and the Lope for donation of a site, does not materialize,

There is, of course, no particular reason why any one should donate a site for the building, as the city is abundantly able to pay for it, but inasmuch as the building Itself is do, nated, it would be a nice monument to three generous hearted men, if the whole enterprise was a free will offering, and it would also save the committee from embarrassment in selecting a site.

It is not likely however, that the lot will be donated. If it will be any help to the committee in deciding, which they contribute nothing but the Gazette win prepare and published for a given number of days, a ballot The Gazette will prepare and publish kicks: Let the mule do the kicking and don't be a goat. Vote, and vote containing the various propositions, and give the people an opportunity to vote on it. The ballot to be signed by the voter and returned to the committee. There will be no publicity about the expression of choice, and it might be of service. This suggestion comes from a member of the board, and will doubtless be considered at the next meeting. The Gazette will be pleased to render any practical service.

The location should be secured without unnecessary delay, or unseemly competition. This is due to the donors as well as to the good name of the city. The government is at a loss to know what to do with old Manila. The wall, three miles long, from twenty to thirty feet thick, and about the same height, encloses the city, occupied by 49,000 people. How to destroy this wall and let the old city out into new Manila, with its 200,000 poulation, is a perplexing question. The best thing to do with it, is to vacate the city, and corrall American sympathizers, of the Hoar, Atkinson, Bryan, et al., type, put Aguinaldo in command, and let them fight it out. There is no place like rebel soil for rebel sympathiz-Old Manila would make a good summer resort and the winters are not severe. The agitators could speculate on 16 to 1 dollars, or any other old thing.

BATTLE OF BALLOTS FOUGHT TOMORROW

CITIZEN WILL HAVE A CHANCE TO EXERCISE HIS POWER.

There Seems To Be Little Doubt But That the Republican Nominees Will Be Elected -- Sewerage Seems Now To Be Assured-Phases of the W. W. Nash. Election Fight.

As is usual in election affairs, the democratic organ seeks to bolster up its candidates by claiming everything in sight, and throwing mud at the republicans. It makes a great show before election but has very little to say after the fight is over.

The democrats are making a great howl over the way the city has been run in the past two years and still it will compare very favorably with any democratic administration that the city ever had.

One would imagine from the tone of the democratic press that the democrats had nothing whatever to do with the government of the city. The council is a tie and it is very soldom that the mayor is given a chance to vote on a question. If the gentlemen who are the candidates for the offices on the democratic ticket and are investigating a number of the socalled violations of the law will look closely into the matter they may be mission. able to trace them to the democratic party.

There is no question of the ability of the republican party to elect the entire city ticket and the most of the ward ticket if they vote as the republican party, If sectional jealousies and personal spite are allowed to enter into the campaign there is a good show that he democrats may succeed in carrying some of the disaffected

Personal spite work and little fancied wrongs, have lost the republicans many an office in this city. They should not allow any of this feeling to enter into this campaign and throw their votes away on democratic candi-The democrats while in the minority vote as one man and are dependent upon the disaffected republicans for votes to elect their candidates. They make many promises before election but forget them as easily after the fight is over.

SAID TO BE SAFE

NORCROSS SAYS THERE IS NO DANGER OF ITS GOING OUT.

He Is Watching It Close and Doing All He Can to Relieve Its Pres. sure ... Rock River is Subsiding, and All Possibility of Danger Seems To Have Passed Away.

The upper dam was visited yesterday by large crowds of people anxious to see the rushing waters at that point. Wild tales that the Indian Ford dam was likely to go out at any moment were in circulation and people were anxiously waiting to hear the flood of water was coming.

Captain Norcross was at the Ford all day Saturday, and there is no danger of the dam going out. At one time the water commenced cutting around the mill at the west side of the river. He had a large quantity of gravel hauled in and built, a large embankment effectually checking the flow at that point, and doing away with any danger of its making break in the embankment. The gates in the flume at the east end of the river were opened, allowing the water to run through, easing the pressure on the main portion of the structure. There is no ice jam above the dam and there is very little danger that the dam will give way.

The water at present is not within two feet of the high water mark of '81. At that time there was ten inches of water running over the top of the pier at the east end of the chute at the upper dam. It is now a foot or two below the top of the J. B. Green, who has charge of the water power and keeps accurate watch of the rise and fall of the water says that the water has fallen about one and one half inches since last evening and is just going down. In a number of places where the water was getting up to the fire boxes of the furnaces, they report a fall of from one to two inches. It is thought by many that the worst is over and that the fall from now on will be regular unless some heavy rain or snow sets in. At Lake Koshkonong there is an immense amount of water. The low lands around the lake are covered. In places where there is usually a foot or two of water in the spring there is now from three to five feet. There is no particular danger from this unless the Indian Ford dam should give out and there is little danger from that at present.

Those who profess to know claim that the continued high water will makes excellent fishing this spring as it gives the fish a chance to run up the rivers and get over the dams. They base their statements on the fact that every year that there has been high water there that been good fish-

RELATIONS ARE STRAINED.

Diplomatic Negotiations Between United States and the South American Repub-He at a Crisis-Ministers Recalled-Silence Concerning th. Breach.

Washington, April 1.-A grave crisis in the relations between the United States and Venezuela was precipitated when Secretary Hay cabled Frank B. Loomis, United States minister at Caracas, to return to this country by the first steamer. Almost simultaneously with the announcement of Secretary Hay's order to Minister Loomis came the news that Signor Pulido, the Venezuelan charge d'affaires in Washington, is to leave within a week for Caracas. Admission is made at the state department that there is a wide diplomatic breach between the two republies; that this government is dissatisfied with the conduct of the Venezuelan authorities in general and President Castro in particular, and that there will have to be explanations and amends before formal relations can be resumed. An intimation was given out that unless President Castro and his advisers recede from the attitude which they have assumed toward the United States that this country may be driven to the necessity of taking drastic steps to protect its dignity. However, nothing will be done until Dayton, O., April 1.-The Dally after Minister Loomis reaches Wash-News was published to-day by the ington and makes a full statement of Young Women's league, an organiza- all the circumstances attending not tion made up of Dayton's leading wo- only the persecution of himself by the men. Inasmuch as the officials of the department decline to throw any light upon the controversy, there is considerable speculation in regard to the situation in Venezuela. Many believe the asphalt controversy is responsible for the coming of Minister Loomis. It is also said he has offended the Venezuelan government by the vigorous manner in which he has looked after American interests. In view of the strained relations between the two governments, and as matters are not improving, it is significant that the Venezuelan minister left Washing-

ELECTION NOTICE

OFFICE OF CITY CLERK, March 26, 1901.

To the Electors of the City of Janesville:

Notice is hereby given that a municipal election is to be held in the several wards and election precincts in the City of Janesville on the 2nd day of April, 1901, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below: Information to Voters.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot, the voter must retire slone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the caudidates of the party bave been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one crased. If the voter wishes to vote for some of the candidates of different political parties he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes, time is allowed in both to mark ballot. booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked is should be folded so that the inside carnot be seen, but so that the printed endorsements and signatures of the ballot clarks on the outside may be seen. Then the voter should pass out of the booth, or compartment, give his name to the inspector in charge of the ballot box, band him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the city. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES" It is the most complete book of Architectural Designs published.

Noarly 150 pages, printed on lieavy enemel paper. It is not a theoretical book. Every design shown is from the nettal working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousand dollars.

The perspectives are full page illustrations while the floor plans are half-page sketches.

The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would take pleasure in presenting you a copy free of charge. If you could call at our coffice we would take pleasure in presenting you a copy free of charge. As this is ant possible, we will send you a copy by express, charges of the propaid upon receipt of only 25c, to cover cost of transportation.

PASSOVER FEAST **BEGINS WEDNESDAY**

The Jews will begin the celebration of the Feast of the Passover on Wednesday at sunset. It will continue with the orthodox Jews for eight days and with the reformed Jews for seven The feast commemorates the delivery of the Israelites from bondage of Egypt over 3,000 years ago. The feast is begun at sunset on Wednesday with a service in every Jewish home. At this service the father presides. The family gathers around the table upon which there are symbols of the event.

A roasted bone represents the paschal lamb, a loaf of unleavened bread, represents the haste with which the Israelites departed from Egypt and a bundle of bitter herbs reminds them of the bitter experiences of their fore-The father recites passages from the Talmud, relates the story of the liberation of the Jews, and psalms are sung. The day following there is a service appropriate to the occasion.

In the orthodox synagogue services are held the first and second seventh and eighth days of the feast, But the reformed Jews celebrate only the first and last days. The intervening days are half holidays. During the Passover every orthodox Jew arrays himself in entirely new garments from head to foot and abstains from Unleavened bread is eaten throughout the term of the feast.

For business men, office men and clerks, and in fact every one engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful,

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health. As a general rule, meat once a day is sufficient for all men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

. It is always best to get the best re sults from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stemachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochlorie acid.

People who make a daily practice of taking one or two of Stuart's Dispepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming a dangerous habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dispension Tablets are certainly the best known and the most popular of all stemach remedies.

Ask your druggist for a fifty-cent paskage of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

Brown Paper Replaces Bills.
Columbia, S. C., April 1.—Five theusand dollars in currency shipped by the Bank of Columbia of this city to the Bank of Commerce of New York was removed before it reached its destination and brown paper substituted. The package was put up by a bank official in the presence of the president, Col. W. G. Childs, and another official carried the package to the express office. The Columbia bank officials declare the bank is not to blame. The work of the thief was clever as the package bore no evidence of having been tampered with.

Teacher Discharged for Marrying One of Her Pupils.

Pittsburg, Pa., April 1.—The aristocratic part of Allegheny was treated to a genuine sensation yesterday when it was made known that Teacher Agnes McCall of the Sixth ward had been relieved of her position.

She confessed having married Freddie Taylor, one of her pupils, almost a year ago. Taylor is still a pupil, or was until today. He is not yet eighteen. Mrs. Taylor, who has taught in the school many years, is thirty-eight. She presented her resignation to take effect next week, but President J. C. Kaiser of the school board insisted on it taking effect at once.

The pupil husband is the son of Superintendent Taylor of the Pittsburg Locomotive works. The Taylor family were much surprised to know that Freddie was a husband of the school teaches. The couple went to Crafton, an aristocratic suburb, to live,

Dietrich to Retain Sent.

Lincoln, Neb., April 1.-Senator Elect Dietrich announced definitely tonight that he would not resign as governor until late in the fall, probably not until after election, barring, of course, an extra session of congress, which he did not regard as probable. Governor Dietrich justified this action by saying he had outlined a plan of state administration which he was anxious to put into effect, and in this he is upheld by Licutenant Governor Savage. Former Assistant Secretary of War Meiklejohn, who has been a leading candidate in the senatorial contest, left this evening for Washington, to conclude unfinished work in the war department.

Venerable English Newspaper.

Northampton, England, possesses a newspaper which is, in one respect, unequaled by any other journal in Europe. It was started in 1720 and has never from that year to the present time been interrupted for a single week. The interesting history of this newspaper, the Northampton Mercury, is now issued in book form by the proprietors.

President Receives a Souvenir.

The president has received from Hawaii a souvenir of the recent political campaign there in the form of a yellow ribbon bearing the motto, mau ke ea o ka ania I ka peno," which means, "The life of the land is established in righteousness." This was chosen as a campaign motto of the administration party during the last presidential campaign.

He tendered his fare to Hono-Iulu, but, according to his statements, lulu, but, according to his statements, BUILDING the ship's officers refused to accept it and placed him in confinement with eleven others as a stowaway.

He was taken to San Francisco and brought back here on the return trip, the intention being to return him to Japan. His brother secured a writ of habeas corpus from the district court and the Japanese was taken ashore. As soon as Collector Stackable learned of the matter he had the ship stopped, but she was finally permitted to depart. When the case comes up for hearing it is expected that the ques-tion of jurisdiction of territorial officials over ships of foreign bottoms will be raised.
